State's Attorney Ryder Recognized His Name and Will Deal With Him Af-Military Authorities Are

Through the medium of the Pice Press State's Attorney H. D. Ryder of Bellows Falls has located Edward L. Hutchinson fugitive from justice, for whom the authorities of Windham county have been looking for the past eight months. Mr. while sitting in the lobby of the Van Ness House, read in the Fert Ethan Vien notes of the Free Press the reporif the capiture of Hutchinson, a describe from Troop F. 18th cavatry, at Fort Ethan Aller, who is now in the bunds of the litary authorities at Fact McKintes. de,, awaiting his sentence for desertion Mr. Ryder is in communication with Lieut, Col, Alex Rodgers, commanding officer at Fort Ethan Allen, for the return of the man to the civil authorities.

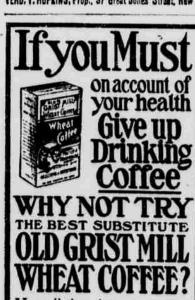

In the tall of 196 Hutchmson robbed a tural free delivery mail box near Hellows Palls, was arrested and brought be tore Judge H. H. Wheeler in the United States courts and sentenced to eight tionibs' imprisonment at the House of Correction in Butland, On completion of this sentence he was immediately repressed on complaint of the State's attorney on a charge of formery, having stolen from a rural man box a cheek from a letter, forged the name on the beck and obtained the money. He was brought before Judge Powers, pleaded gully to the charge and was sentenced to two years' imprisonment. On a pleamade by Mr. startin that Hutenmeon was committed, but placed him in charge of Probation Officer R. C. Bacon.

Hutchinson was next heard of early in the summer of 196, when he was the contral figure in a tar and feather escapade. consin. Delbert Hutchinson, in Townshend. While there he became taudiar with his cousin's wire. Affairs came to a climax nd the people of the town threatened to ar and feather Hutchinson. Before their plans were perfected Hutchinson left ownshend and went to Rellows Falls. There he solicited tinancial aid from a police officer and got our of the town. In a letter to Mr. Byder Hutchinson

oplicated bimself in the crimes charged by the citizens of Townshend, Mr. Ryder have the man returned to Bollows Palls out a delay in mading out the mittimus allowed Hutchinson to escape from gus-

Hutchinson then went to Springfield. Mass., and collisted in the army. He was sent to Fort Slooum, N. Y. He had as idea he was a cook and when the co manding officer of Troop F at Fort Ethan

/E boast of our national prosperity; we pile up figures to show that we are the richest nation on earth and the biggest farmers in the world, forgetting that our riches are largely drawn from our great natural resources, chiefly the virgin soil; and when this is exhausted in the West as in the East, what will we do? Science indicates that we shall be able to support several million where we now support one million, and that it will be due partly to chemical manures which science has developed. Thirty years ago Professor Stockbridge with his formulas made it possible for the eastern farmer to compete with the virgin soils of the West. The Stockbridge Manures, based upon these formulas, still hold the lead for producing large crops of potatoes, corn and grass on worn-out land at small cost.

Mr. Duffy, of West Hartford, Ct., raised at the rate of 35 tons of ensilage corn per acre on Stockbridge. It stoood 15 feet high and was an inspiring sight, showing what science can do.

GUZRANTY OF MERIT.
When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing breadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will hear the fullest scrutiny and the most thorough investigation. L. J. Witherell Furnished Ball in 8700 a Saturday by Lactus J. Witherell, who had been arrested on a body writ by Deputy Sheriff Raviin. The suit was brought by Brand & Pinney of Peru, N. Y., who claim that they have been that Witherell has delivered them at Fort Ethan Allen to fulfill a contract.

afraid to have the search light of investigation turned full upon his formula and that it will hear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through drugglast for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native. American, medicinal roots, that it contains no poisonous or habit forming drugs, no narcotics and no alconol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's pecular diseases, soid by druggists, that does not contain a large percentage of alcohol, which is in the long run so barmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic valua all its own, and besides it anhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such professional endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Plerce, Ruffalo, N. Y., for his little book of extracts from the works of ominent medicine was the professional and teachers, endorsing the several ingredients and teachers, endorsing the several ingredients and teachers.
